

Pricing, Order & Refund Policies

Auto-Saver Spread Pricing Policy

The pricing of our MS70 Auto-Saver products is affected by the market price of silver, so MINTBUILDER has created a scale beginning with a floor of \$11 silver spot price which determines our lowest Auto-Saver rates and scales up to show the product pricing depending on the silver spot price at the time MINTBUILDER bulk grades.

We then keep the price *locked at that rate, even if the spot price of silver goes up or down, until the next bulk grading batch is submitted.

SILVER SPOT	BASIC	PLUS	ELITE
\$11.00 – \$13.99	\$95	\$141	\$187
\$14.00 – \$16.99	\$99	\$149	\$199
\$17.00 – \$19.99	\$103	\$157	\$211
\$20.00 – \$22.99	\$107	\$165	\$223

Bullion Pricing Policy

The prices of our bullion products are affected by the *market price of the precious metal. Therefore, our pricing is subject to change on a daily basis with the market price.

*In times of a volatile precious metals market (where sharp declines or advances in spot prices occur causing premiums on bullion to spike above normal) MINTBUILDER reserves the right to hold or adjust pricing accordingly.

Personal Order Integrity and Restrictions

MINTBUILDER's Member pricing and compensation plan are based on Affiliates placing their own personal orders through their own back office account (Personal Order Integrity). Affiliates are prohibited from placing orders intended for personal use through another Affiliates account or customer/s account.

Credit Card Use for Enrollments & Multiple Accounts

Affiliates are prohibited using same persons Credit Card/s for signing up more than 2 people or using the same Credit Card for orders on more than 2 accounts (including their own). Failure to comply is grounds for immediate termination. We do realize that in some cases a family who may all want to get involved may have the need to utilize the same Credit Card. In order to do this will require the member to contact the corporate office for expressed approval. This is restricted to immediate family members within the same household.

International Ordering Policy

For orders outside of the USA: Please note that each international order will be insured and declared for the full value. Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the customer's responsibility should customs require it. Please check with your country's customs office to determine what these additional costs will be prior to purchasing.

B.) All Other Returns / Sell Your Coins & Bullion

This policy was created to help take the risk out of buying from MintBuilder. Just think of all the products we can purchase on a regular basis. Not many of them have a potential to hold value or even increase in value over time as you hold onto them.

However, if you are looking to liquidate your coins and/or bullion, follow the 3 steps below to get an offer quote from MintBuilder, but keep in mind, MintBuilder is a “Wholesale Buyer” and our offer may not reflect the market value of any given item.

Please Note: MintBuilder ONLY buys items that were sold by MintBuilder.

3 Simple Steps:

Step 1: Email support@mintbuilder.com with a list describing the items you wish to sell. Be sure to include as much detail as possible including any details written on coin labels. If we are in the market to purchase your items we will reply with a quote or a decline to buy some or all of them.

Step 2: If you accept the quote, mail your items (tracked and insured) to the address provided in the quote.

Step 3: Funds will be sent to you within 3 business days of our receipt of your package!
